

Great Dane Adult

For adult dogs from 2 years old

[Available in
3kg, 12kg]

*Please note: Kibble not shown to scale

CONCENTRATED ENERGY

Adequate energy level to meet the high energy needs of the Great Dane without overloading the stomach. It is important to divide the daily ration into at least 2 meals in order to limit the risk of gastric dilatation-volvulus.

DIGESTIVE PERFORMANCE

Contributes to supporting digestive health while taking into account the Great Dane's digestive sensitivity, thanks to highly digestible L.I.P. proteins and a selection of specific fibres to limit intestinal fermentation while promoting a balance in the intestinal flora.

BONE & JOINT HEALTH

This specific formula helps support healthy bones and joints and maintain ideal weight. Enriched with EPA & DHA.

EXCLUSIVE KIBBLE

The kibble's shape, size, texture and formula are adapted to the Great Dane dog: they help reduce the rate of food intake and encourage chewing.
